

MEMORANDUM FOR: Deputy Director, Central Intelligence

SUBJECT: Application of State-Defense, Military Information
Control Policy by CIA

25X1
25X1
1. Informal discussions were held on 16 November by the
Director of Security [] with RQM (Mr. [] of
DD/P and OIC [] of DD/I. 25X1

2. The DD/P office is of the opinion that it does not want
to have State Department pass upon releases of CIA information
because it might be necessary to disclose operational informa-
tion. It is of the further opinion that it would concur in the
establishment of a three-man committee to pass upon releases to
foreign governments.

3. The DD/I office wished to give further study to the
question of State participation in the releases of CIA informa-
tion. It was, however, amenable to the concept of establishing
a three-man committee.

4. My recommendations in the attached memorandum of 11 Octo-
ber probably suffered because of brevity. It was the intention of
Recommendation 2(b) that S-D, MICC permissible releases by specific
countries would be adopted by CIA as a working policy to reflect
State Department guidance in the field of exchanges of information
with foreign governments.

5. It is recommended that the attached papers be referred
to the DD/I for the preparation of a coordinated policy paper
for the consideration of the DCI.
